December 25th

Christmas Day

January 1st

New Year's Day

## HANDY DANDY

---

Introducing "Handy Dandy", a segment featuring helpful tools for you. This one focuses on Canva, the graphic design software used to make this newsletter. It is very intuitive, has lots of drag-and-drop design features, and best of all: it is FREE to use! There are additional paid functions available on the premium version.

---

"The successful warrior is the average man, with laser-like focus." - Bruce Lee
